Cumulative Index

Page numbers of symposium and clinic titles are given in **boldface** type.

ABDOMEN, canine, dermatoses of, 26
examination of, in geriatric cat, 308–310
feline, physical examination of, 137
palpation of, 12, 95, 147
postmortem dissection of, 176
Acetabuloplasty, in hip dysplasia, 470–473
Acidosis, metabolic, in respiratory abnormalities, 76
Acromion, osteotomy of, closure, 399
Age, of dog, as factor in dermatologic diagnosis, 23
as factor in respiratory diagnosis, 71
Allergic dermatitis. See *Dermatitis.*
Alopecia, 20, 223
Amyloidosis, renal, in cat, 346
Anconeal process, removal of, 421
ununited, **417–428**
diagnosis of, 418–421
radiographic appearance of, 419–421
surgical attachment of, 423–425
treatment of, 421–427
Anemia, infectious. See *Haemobartonellosis.*
Angular deformities, corrective osteotomy for, **549–563**
Angulation, diaphyseal, 550
Antiserum in protection against feline panleukopenia, 238
Anuria, 120, 127
Applanation tonometry, 49
Arthritis. See also *Osteoarthritis.*
of elbow joint, 435–437
Arthroplasty, excision, in coxofemoral luxations, 521
of femoral head and neck, in hip dysplasia, 474–476
trochlear, in patellar luxation, 409–413
Articular cartilage. See *Cartilage.*
Ascites, examination of fluid in diagnosis of infectious feline peritonitis, 242, 243
Auscultation, in examination of cardiovascular system, in dogs, 89–91
Autopsy examination, of cat with peritonitis, 242
procedure in small animals, **163–189**
Axial torsion, with angular deformity, 550

BACK, dermatoses of, 25
Balanoposthitis, definition of, 127
Basset Hound, common dermatoses of, 21
Beagle, common dermatoses of, 21
Biceps, reflex of, 198
Biomicroscope, use in eye examination, 32–34
Biopsy, lung, as diagnostic method, in dogs, 84
Birds, malignant and benign tumors of, table, 147
physical examination of, **141–152**
Birdcage, examination of, 142
Bitch, genital examination in, 103–109
Bladder, feline, lavage procedure, 285
urinary, examination of, 122, 126
Blepharitis, feline, diagnosis of, 273
Blood studies, in canine genital disease, 109
Boston Terrier, common dermatoses of, 21
Bone(s), growth, disturbances of, corrective osteotomy for, **549–563**
normal, 441
paired, variations in growth of, 550
Boxer, common dermatoses of, 21

Brain, feline, diseases due to trauma, 369–371
Breathing patterns, in dogs, 73
Bromsulphalein retention test, 99
Brucella canis, antibodies in blood, 109
BSP, in physical examination of the gastrointestinal system, in dogs, 99

CALCINOSIS CIRCUMSCRIPTA, incidence and treatment, 440
Calcium gout, incidence and treatment, 440
Calculi. See *Stones.*
Carcinoma, of feline kidney, 344
squamous cell, in birds, 147
Cardiac insufficiency, feline, diagnosis of, 265
Cardiovascular system, physical examination of, in dog, **85–91**
Cartilage, articular, reaction to injury, 530
structure and function, 525–527
Casts, in cranial cruciate injuries, 492
urinary, in cat, 329
Cat(s), dermatoses of, 21
physical diagnosis in, **129–139**
Catheterization, procedure for, 286
Center of gravity, importance in locomotion, 60–62
Cere, of bird, examination of, 144
Cerebellar hypoplasia, feline, clinical signs of, 375
Cerebrospinal fluid, examination of, 202, 368, 370
Chemical restraint, of primates, 156–158
Chest. See also *Thorax.*
auscultation of, 13
dermatoses of, 25
Chihuahuas, common dermatoses of, 21
Chin, dermatoses of, 25
Chylothorax, differential diagnosis of, 261
Collies, common dermatoses of, 22
Coloboma, treatment of, in cat, 269
Colon, visualization of, 98
Conjunctiva, examination of, 34–37, 270
Conjunctivitis, differential diagnosis of, 35, 134
Convulsions, types of, in dogs, 192
Cornea, examination of, 39, 44, 275
Coryza, acute, treatment of, 253
Cough, importance in physical diagnosis, in dogs, 73, 87
Coxofemoral articulation, luxations of, **503–522.** See also *Luxation.*
Crabbing, in examination of canine locomotor system, 54
Crop, examination of, 144
Cryptococcosis, feline, characteristics of, 372
Cryptorchidism, diagnosis of, in dogs, 115
Cyanosis, importance in general physical examination, in dogs, 75
Cystitis, 126, 249
Cystotomy, in cat, 295

DACRYOCYSTORHINOGRAPHY, 38
Dachshund, common dermatoses of, 22
Dalmatian, common dermatoses of, 22
Deafness, in cats, 134
Deformities, developmental, due to arrested epiphyseal growth, **441–454**
Dermal puncture, method in primates, 159
Dermatitis, feline, allergic, 217–220
Dermatologic diagnosis, in dog and cat, **15–27**
Dermatomycosis, in cats, 220–222. See also *Ringworm.*
Dermatoses. See also *Skin lesions.*
breed predilections for, table of, 21–23
feline, **217–224**
Development, deformities of, due to arrested epiphyseal growth, **441–454**
De Vita pin, in fixation of coxofemoral luxation, 516–519
Diagnosis, physical. See *Physical diagnosis.*
Diet, effect on crystal formation in cat, 246, 247
importance in history taking, 94, 131
Dietetic dermatitis, 217
Dislocation. See *Luxation.*
Dissection, method of, at autopsy, 172–185
Distemper. See *Panleukopenia.*
Doberman Pinscher, common dermatoses of, 22
Dog(s), general examination of, **3–14**
genital system, examination of, **103–118**
Drugs, administration of, in primates, 160
Dysplasia, hip. See *Hip.*
Dyspnea, feline, **251–266**
Dysuria, 121, 127

EAR(s), dermatoses of, 24
physical examination of, 134, 144
Eczema, histopathology of, 219
Ejaculation, in dogs, phases of, 110
Elbow, capped, 439
dropped, 440
joint, dysplasia of, and ununited anconeal process, **417–428**
ligaments of, surgical repair, 432–435
luxation and ligamentous injuries of, **429–440**
luxations of, radiographic appearance, 524
osteoarthritis of, 435–437
tumors of, 439

Electroejaculation, in dogs, 112
Electroretinography, 50
Encephalitis, feline. See *Neurologic disorders.*
Endocarditis, bacterial, in cat, 347
Endometritis, diagnosis of, in dogs, 105
English Bulldog, common dermatoses of, 22
Entropion, feline, presentation of, 269
Enuresis, definition of, 127
Epilepsy, in dogs, 191
Epiphyseal plate, unequal growth rate in, 550
Epiphyseodesis, eccentric, 550
Epiphysis, abnormal ligamentous tension on, 448
  arrested growth of, developmental deformities due to, **441–454**
  closure of, premature, 449–453
  injuries of, classification, 443
    radiographic appearance, 444–447
  separations and fractures of, 442–448
Erythema, 20
Estrus, cytologic determination of, 105
Extensor reflex, crossed, 200
Eye, examination of, 9, **29–52,** 133, 144, 305
  feline, external diseases of, **267–279**
    infectious disease of, 271–273
    noninfectious diseases of, 273–276
    primary external disease of, 271–276
    trauma of, 273
  postmortem dissection, 173
Eyelid(s), dermatoses of, 24
  examination of, 32

FEATHER problems, in birds, differential diagnosis, table, 151
Feces, examination of, 96, 142, 158
Feet, dermatoses of, 26
  of birds, examination of, 149
Feline medicine, symposium, **215–378**
Feline picornavirus infection, 316–318
Feline pneumonitis, 318
Feline reovirus infection, 318
Femur, deformities of, 555
  head of, necrosis. See *Legg-Perthes' disease.*
    prosthetic replacement in coxofemoral luxation, 519–521
  head and neck of, excision arthroplasty of, 474–476
  in patellar luxations, 403
Fish eczema, 217
Fixation, of luxations. See *Luxation.*
Fixatives, formulae, table, 170
Flank, dermatoses of, 26
Flea allergy dermatitis, in cats, 217
Flexion bandages, in fixation of coxofemoral luxation, 515
Fluid, abdominal, diagnosis of, in dogs, 88
Fluid therapy in uremic cat, 349
Focal illumination, use in eye examination, 32–34
Foreign bodies, treatment of, 255
Forelimb, articulation in dogs, 56–59
  of cat, physical examination of, 136
Fox Terrier, common dermatoses of, 23
Fractures, of epiphysis, 442–448
French molt, diagnosis of, in birds, 149
Fundus, of eye, ophthalmoscopic visualization of, 42

GAITS, in canine locomotion, 65–68, 195
Gallop rhythm, of heart, 91
Gastrointestinal system, physical diagnosis of, in dogs, **93–101**
Genital system, canine, examination of, **103–118**
Geriatrics, feline, **299–312**
German Shepherd, common dermatoses of, 22
Gingiva, dermatoses of, 25
Gland, mammary, examination of, in dogs, 12, 104
Glaucoma, diagnosis of, 35, 49, 277
Globe, of eye, inspection of, 29–31
Goiter, in birds, diagnosis of, 146
Gout, calcium, incidence and treatment, 440
Great Dane, common dermatoses of, 22
Growth, epiphyseal, developmental deformities due to, **441–454**
Growth plate. See *Epiphysis.*
Growth rate, disturbances of, effects on elbow joint, 437–439

HAEMOBARTONELLOSIS, feline, **225–230**
Hallucinogenic drugs, effect on cats, 376
Head, dermatoses of, 24
Head and neck, examination of, 9–11, 144, 303–307
Heart, auscultation of, 89, 150
Hematuria, evaluation of, 121
Hemoptysis, feline, treatment of, 264
Hemothorax, diagnosis of, 261
Hernia, diaphragmatic, in cats, diagnosis of, 137
Hip dysplasia, acetabuloplasty in, 470–473
    causes of, 455
    corrective osteotomy procedures in, **467–477**
    effect on canine locomotion, 66, 70
    excision arthroplasty in, 474–476
    incidence of, 455

Hip dysplasia (*Continued*)
acetabuloplasty in, prosthetic treatment for, 473
signs of, 467
treatment by pectineus tendonectomy or tenotomy, **455–465**
varus osteotomy in, 468–470
joint, anatomy of, 479
History, in feline medicine, 129–132
in gastrointestinal examination, 93
in general examination of dogs, 4–7
in neurologic examination, 192–194
in physical examination in birds, 141
in urinary examination in dogs, 119–121
Hydrothorax, diagnosis of, 260
Hygroma, 439
Hyperkeratosis, diseases associated with, 17
Hyperpigmentation of skin, diseases associated with, 17
Hypothyroidism, dermatologic effects, 223

ILLUMINATION, focal, use in eye examination, 32–34
Imbrication, lateral retinacular, technique in cranial cruciate injuries, 495–497
Infectious feline peritonitis. See under *Peritonitis.*
Inhalation pneumonia, feline, 264. See also *Pneumonia.*
Insemination, artificial, in dogs, 116–118
Intestines, palpation of, 95, 137
postmortem dissection of, 177
Intra-articular structures, of synovial joints, reactions to injury, 533
Intracranial lesions, diagnosis of, 30
Iris, examination of, 40, 44
Iritis, differential diagnosis of, 35

JOINT(s). See also under specific joint, e.g., *Elbow joint.*
capsule and ligaments of, structure and function, 528
synovial, capsule of, reaction to injury, 531
structure and function, 523–529
tissue changes in, clinical significance, 535
tissues, normal, reaction to injury, **523–535**

KERATOCONJUNCTIVITIS, feline, 268, 269, 270, 272
Kerry Blue Terrier, common dermatoses of, 23
Kidney, examination of, 121, 137, 177
Kidney (*Continued*)
feline, biopsy of, 332
diseases of, **323–352**
function testing, 327, 338

LABRADOR Retriever, common dermatoses of, 22
Lameness, in dogs, due to osteochondritis dissecans, **391–401**
due to ununited anconeal process, **417–428**
Leg(s). See also *Hindlimb* and *Forelimb.*
dermatoses of, 26
examination of, during general examination of dog, 11–14
Legg-Perthes' disease, **479–487**
causes of, 480
diagnosis of, 481
incidence of, 479
pathologic evidence of, 481
radiographic appearance of, 482–484
surgical approaches in, 485–487
treatment of, 482–487
Lembert suture technique, in cranial cruciate injuries, 494
Lens, of eye, examination of, 41, 44
Lichenification, diseases associated with, 17
Ligament(s), caudal cruciate, injuries of, diagnosis, 490
treatment, 499
collateral, injuries of, diagnosis, 492
treatment, 500
cranial cruciate, injuries of, diagnosis, 490
treatment, 492–499
of elbow joint, surgical repair, 432–435
Limb(s). See also *Forelimb, Hindlimb, Leg.*
Lip, dermatoses of, 25
Lipoma, in birds, 147
Locomotor system, canine, examination of, **53–70**
Lungs, auscultation of, 13, 80
Luxation. See also *Subluxation.*
coxofemoral, **503–522**
caudal approach to, 510–512
closed reduction of, 504
cranial approach to, 510
diagnosis of, 503
dorsal approach to, 506–510
excision arthroplasty in, 521
fixation of, 514–522
open reduction of, 506–514
ventral approach to, 512–514
patellar, in dogs, **403–415**
pathologic changes in, 403–406
reconstructive procedures in, 409–413
stabilization techniques in, 407–409
surgery in, 407–413

Luxation (*Continued*)
patellar, types of, 406
shoulder, recurrent, lateral, surgical technique in, 542–544
medial, surgical technique in, 539–542
radiographic appearance of, 545
surgical stabilization of, **537–548**
traumatic, of elbow joint, diagnosis and treatment of, 429–431
Lymphoma, feline, **355–365**
"rosette" formation of leukocytes, 357, 358
treatment of, 363
Lymphosarcoma, feline, 136, 345

MACULE, diseases associated with, 16
Membranes, mucous, in physical examination, 74, 86
Meniscus, injuries of, diagnosis, 491
treatment, 499
Microphthalmia, feline, recognition of, 268
Mites, in birds, 148
Mouth, of bird, examination of, 144
Musculoskeletal system, in birds, physical examination of, 148
Mycoplasma, 271, 319

NAILS, dermatoses of, 26
Nasolacrimal system, irrigation of, 37
Neck, dermatoses of, 25
Necrosis, of femoral head. See *Legg-Perthes' disease.*
Nephrectomy, indications for, in cat, 344
Nephritis in cat, 137, 304, 340
Nephroblastoma in cat, 344
Nephrocalcinosis, definition of, 127
Nephrosis in cat, 337–339
Nervous system, lesions of, summary of diagnostic signs, 203–206
Neuroleptanalgesics, in restraint of primates, 158
Neurologic disorders, feline, **367–378**
Neurology, examination in small animals, **191–206,** 367
Neuromuscular examination, ophthalmologic, 29–31
Nocturia, assessment of, in dogs, 120
Nodule, diseases associated with, 16
Nose, dermatoses of, 25

OCULOVESTIBULAR reflexes, feline, importance of, 369
Ophthalmologic examination, **29–52**
Orbit, examination of, 32
Orthopedic surgery, in small animals, symposium, **389–563**
Ossification, endochondral, normal, 441
Osteoarthritis, of elbow joint, 435–437
Osteochondritis dissecans, **391–401**
causes of, 393
diagnosis of, 391–394
evaluation of, 68
incidence of, 391
pathologic findings in, 393
radiographic appearance of, 392, 394–396
surgery in, 397–400
treatment of, 394–400
Osteophytes, production of, 533
Osteotomy, corrective, for angular deformities, **549–563**
in hip dysplasia, **467–477**
oblique, in angular deformities, 553
of acromion, closure of, 399
pelvic, in hip dysplasia, 470–473
transverse, in angular deformities, 551
trochanteric, in coxofemoral luxations, 507–510
varus, in hip dysplasia, 468–470
wedge, in angular deformities, 552
Overlap suture technique, in cranial cruciate injuries, 498

PAATSAMA technique, in cranial cruciate injuries, 493
Pain, perception of, evidenced in neurologic examination, 199
Panleukopenia, feline, immunization for, **231–240**
Panting, in dogs, 78
Papule, diseases associated with, 16
Parasites, postmortem collection of, 171
Paresis, evaluation of, in geriatric cat, 306
Patella, luxations of. See *Luxation.*
stabilization of, 407
Pectineus, hypotrophy of, 456
tendonectomy or tenotomy, in treatment of hip dysplasia, **455–465**
Pelvic limb, deformities of, 555–558
Pelvic osteotomy, in hip dysplasia, 470–473
Penis, canine, examination of, 12, 115, 123, 126
feline, minor surgical procedures, 288
Peritoneal dialysis in cat, 352
Peritonitis, infectious, in cat, **241–244**
Physical diagnosis, in small animals, symposium, **3–206**
Physical examination, during general examination of dog, 7–14
of geriatric cat, 301–311
Picornavirus, feline, 252

Pin, De Vita, in fixation of coxofemoral luxation, 516–519
Pinna, of ear, dermatoses of, 24
Plasma turbidity test, 100
Pneumonia, feline, 258
Pneumothorax, feline, 137, 259
Pointers, common dermatoses of, 22
Polycystic kidney in cat, 336
Poodles, common dermatoses of, 22
Posterior capsule technique, in cranial cruciate injuries, 497
Postural reactions, in dogs, 195–197
Pregnancy, examination of, 108, 137
Prepuce, canine, examination of, 12, 115
Primates, nonhuman, physical examination of, **153–161**
Prostate, canine, examination of, 115, 124, 126
Prostheses, for dysplastic hips, 473
in fixation of coxofemoral luxations, 519–521
Pulmonary system, examination of, in dogs, **71–84**
Pulse, canine, evaluation of, 8, 89
Pupil, dilatation of, 30, 41
Pustule, diseases associated with, 16
Pyelonephritis in cat, 342
Pyothorax, feline, 262

RADIUS, deformities of, 559–562
head of, distraction, 437–439
Rectum, examination of, 123, 127
Red eye, diagnosis of, 34
Reduction, of luxations. See *Luxation.*
Renal. See *Kidney.*
Respiratory infections, feline, **313–321**
Respiratory tract, canine, examination of, **71–84**
trauma to, importance in physical examination, 74
Retina, examination of, ophthalmoscopic, 41–44
Rhinitis, chronic, treatment of, in cat, 253–255
Rhodesian Ridgeback, common dermatoses of, 22
Ringworm in cats, 220–222
"Rodent ulcer," definition of, 255

SCABBY cat disease, 218
Scales, of skin, diseases associated with, 17
Scars, of skin, diseases associated with, 17
Schnauzer, common dermatoses of, 22
Sclera, examination of, 38
Scottish Terrier, common dermatoses of, 22
Scrotum, examination of, in dogs, 114
Sedation, chemical, of primates, 156–158
Semen, canine, collection and evaluation of, 110, 112, 116
Sex, importance in history taking, 4, 71, 130
Shetland Sheep Dogs, common dermatoses of, 22
Shoulder, anatomy of, 438
luxation of. See *Luxation.*
osteochondritis dissecans of, **391–401**
Siamese cat, common dermatoses of, 22
Skin, diseases of, diagnosis in dog and cat, **15–27**
lesions. See under specific lesion, e.g., *Papule.*
Skull, feline, radiographic examination of, 368
postmortem examination, 179–181
Spaniels, common dermatoses of, 23
Spinal reflexes, evaluation of, in neurologic examination, 197–200
Splints, in cranial cruciate injuries, 492
Squamous cell carcinoma. See *Carcinoma.*
Stance, evaluation of, in neurologic examination, 65, 195–197
Stifle joint, fibrocartilage and fat pads of, structure and function, 529
injuries of, diagnosis, 490–492
ligamentous and meniscal injuries of, **489–501**
surgical anatomy of, 489
Stomach, visualization of, 98
Stones, etiology of, 245
Strabismus, esotropic, in Siamese cat, 268
Struvite, 246, 282
Subluxation, of elbow joint, congenital, diagnosis and surgical treatment of, 435
Surgery. See under specific types e.g., *Orthopedic surgery.*
Synovial fluid, reaction to injury, 532
structure and function, 528
Synovial joints. See *Joints.*
Synovial membrane, reaction to injury, 531
structure and function, 527

TAIL, dermatoses of, 26
Teeth, examination of, during general examination, 10, 135
Tendonectomy, pectineus, in treatment of hip dysplasia, **455–465**
Tenotomy, gluteal, in coxofemoral luxations, 507
pectineus, in treatment of hip dysplasia, **455–465**
Terrier. See under specific breed, e.g., *Scottish Terrier.*
Test. See under specific tests.
Thoracic limb, deformities of, 558–562

Thorax. See also *Chest.*
as origin of dyspnea in cat, 256–259
of cat, physical examination of, 79, 82, 136, 175
Thyroid gland, in birds, examination of, 146
Tibia, deformities of, 557
tuberosity of, transplantation in patellar luxation, 409–413
Tissue preservation, at autopsy, 165–168
Tongue, dermatoses of, 25
Tonometry, 46–49
Toxoplasmosis, feline, clinical diagnosis of, 372
Trachea, collapse of, diagnostic signs, 77
intubation procedure, 256
Transillumination, of eye, 49
Trauma, medical management in cat, 370
Trephination. See *Rhinitis.*
Trochlea, arthroplasty of, in patellar luxation, 409–413
Trunk, dermatoses of, 26
Tumor(s), of head and neck, in geriatric cat, 305–307
of skin, diseases associated with, 16

ULCERS, of skin, diseases associated with, 17
Ulna, deformities of, 559–562
Ultrasonography, ocular, 50
Ultrasound, in diagnosis of pregnancy, in dogs, 109
Uremia, treatment of, 326, 348–353
Ureter, canine, examination of, 125
Urethra, catheterization of, 125, 286
feline, anatomy of, 281–283
surgery of, **281–298**
Urethral obstruction, feline, **245–250**
Urinary bladder. See *Bladder.*
Urinary system, canine, examination of, **119–128**
Urine, feline, casts in, 329
specific gravity of, 328, 338
Urogram in feline kidney disease, 331
Uterus, examination techniques, 108
Uveitis, diagnosis of, in cat, 276

VACCINE against feline panleukopenia, 232–234
Vagina, artificial, 111
canine, examination of, 104–107, 124, 127
Valgus deformity, in hip dysplasia, 468
Varus osteotomy, in hip dysplasia, 468–470
Venipuncture, method in primates, 159
Vesical paracentesis, procedure in cat, 287
Vesicle, diseases associated with, 16
Virus, as cause of feline lymphoma, 356
Vision, tests for, 31, 201
Vitamin A absorption test, 99
Vulva, inspection of, in dogs, 103, 104

WEST HIGHLAND White Terrier, common dermatoses of, 23
Wheal, diseases associated with, 16
Wire-haired Fox Terrier, common dermatoses of, 23

XANTHOMA, in birds, 147
d-Xylose tests, 99
